Yvette, Tala and Mark – I have reviewed this collection of documents (1,241 pages). They concern postponing the 2020 SACC peer review of the Asbestos risk evaluation. There's lots of Comms and exchanges between OSCP and the peer reviewers. Around pages 250 to 450, there are communications among OPPT about the asbestos Risk Evaluation.

I clear for OPS. Our review is due COB Wednesday April 7, but Earl ☺ will probably grant an extension to Thursday April 8 if needed!
